Brief Description of Work Done During Internship	
Was the field of your internship related to the syllabus/curriculum?	
	Yes / majority
	Yes / somewhat related
	No / Not at all

My Experience	Strongly Agree	Agree	No Comment	Disagree	Strongly Disagree
It provided me an opportunity to select my occupation/area of work					
It provided me an opportunity to implement the theoretical knowledge into practice					
It helped improve the decision-making capacity and problem-solving skills.					
It provided a knowledge base of the field of work before entering actual job					
It helped improve oral and written communication skills					
It provided an opportunity to use leadership qualities i.e. persuasion skills, to develop ideas in the team, encourage decision making and act on the decisions made.					
It developed sensitivity about the ethical implications of work undertaken					
It enhanced the capacity to work with confidence in unnatural/extraordinary conditions					
It helped grooming and cultivating my conventional skills					
It helped improve time management and shouldering /undertaking responsibility					
It helped find hidden traits of my personality.					
It helped improve and inculcate novel skills aptitudes and capacities.					
It helped me figure out the objectives of my work field.					
It provides me the necessary communication apparatus /equips to earn job in future.					
It allowed using equips other than those available in the institute to collect and utilize information
